PEACOCK DAHLIA FARMS
DAHLIALAND, NEW JERSEY

RODMAN WANAMAKER Dec. Pac. Considering all points, we believe this is the greatest autumn colored dahlia in existence. The color is entirely distinct from any other variety. The buds are pale lemon yellow, as is each petal as it first expands, but it quickly develops into a golden salmon pink, and finally into a beautiful, bright shade of ochraceous salmon, with a reflex of spinal pink. No color reproduction can do justice to the wonderful coloring. The flowers are of splendid texture with a luminous sheen. The plant is a most luxuriant grower with an abundance of beautiful light green foliage. (See illustration of plant opposite.) This plant stood 6 ft. high, and had 13 open flowers when photographed. The illustration is five-sixths of an inch to the foot, and a rule will show the size of the flowers when the naturally grown, disbudded shoots are blooming profusely in the open field. The stems, as shown on this plant, are very long and hold the giant flowers erect facing. **RODMAN WANAMAKER** has been grown in trial with all our dahlias and is a wonderful grower of largest size and longest stems. For exhibition cut flowers or for the garden, it is in a class by itself on account of its large size, beautiful coloring, exquisite form, free blooming and long stems. Price, Roots, \$1.50; plants, \$1.00.

HOW TO GROW RODMAN WANAMAKER Of course, for largest flower, leave only the terminal bud to a single stem plant; disbudding all the way to the ground. For 4 to 6 flowers, pinch out the plant with two or three pairs of leaves according to number of shoots wanted. For the garden or for commercial cut flowers, allow the plant to grow naturally; tie securely to a stout stake. When buds appear, remove the terminal and next two. Then disbud all lateral branches as buds develop, leaving only the terminal bud on each branch. This will give you plants like the illustration opposite. Size 10" x 3 1/2", height 5 ft.

PEACOCK DAHLIA FARMS

DAHLIALAND, NEW JERSEY

IN THANKING our friends and customers for their generous patronage in the past, we also want to extend a cordial invitation to visit our farms next September and October.

On the following pages will be found **the plain truth** describing them as they grow with us, and the average color; for flowers vary in color at different seasons, on different soils, in different climates and under different conditions, so we take our colors at mid-season.

ROOTS vs. PLANTS We do not wish to enter any controversy, but want to say, so far as flowers are concerned, there is no difference in results between roots and plants. Given the proper care, they will give equally good results. Even the growers who recommend plants as better than roots insist on roots when buying, because they are worth more. Otherwise, plants would not be offered at half price.

Roots are more easily handled, ship long distances better, and give more roots for the following year. Plants, however, enable growers to offer varieties much more quickly, where stock is limited, and at lower prices than would be possible for roots. This also allows the dahlia enthusiasts to get just the varieties they want, even after root stocks are exhausted; or, to get twice as many plants for a given amount of money.

DAHLIALAND This is truly the land of Dahlias! It embraces not only **our Farms**, but the territory formerly called New Freedom and Williamstown Junction. It is reached by direct roads from Williamstown, New Brooklyn, Atco, Tansboro and Berlin; being 3 miles from Berlin and 1½ miles south of the Famous White Horse Pike on the road through Tansboro to Williamstown.

NEW POST OFFICE, "DAHLIALAND" To reach us by railroad from Philadelphia, take ferry at foot of Chestnut Street, and ask for ticket to Williamstown Junction Station, Dahlialand.

We cordially invite all to visit DAHLIALAND and to see for themselves the **LARGEST DAHLIA FARMS IN THE WORLD—THE HOME OF THE WORLD'S BEST DAHLIAS.**

ORDER EARLY It will greatly facilitate shipments if orders are sent in early. We aim to send out orders the same or the next day after receipt, but during the rush season this is impossible—hence the advisability of ordering early. If you so desire we will reserve and send at planting time or any date you name, otherwise orders go out at once, weather permitting.

Guarantee. We guarantee every plant, bulb or root sent out by us to be just as represented, absolutely true to name, reach destination safely in perfect condition, and prove entirely satisfactory; we will cheerfully replace any that should prove otherwise. You run absolutely no risk in ordering from us.

Terms. Cash with order. Remittances may be made by Bank Draft, Post Office or Express Money Order, at our expense and our risk.

Forwarding. Dahlia Roots and Plants are sent by mail postpaid at prices named herein.

Errors. While we exercise every care, errors may occur occasionally. In such a case kindly notify us at once, and correction will be promptly and cheerfully made.

Name and Address. Be sure and write name and address plainly on each order or communication.

Plant of Rodman Wanamaker, height 6 feet.
This plant had 13 flowers on stems 4 feet long.

Sullivan, Ind., Oct. 21, 1929

Peacock Dahlia Farms, Dahlialand, N. J.

Gentlemen: I grew your Rodman Wanamaker this season, and at the present time it is a beautiful sight; it has eleven wonderful flowers open now, and six more buds which will be open in a few days. The plant is at least seven feet high. I have found this Dahlia to be an excellent cut flower.

(Signed) Mrs. Ivan J. McCammon.

PEACOCK INTRODUCTIONS FOR 1930

You can win *without* them! You can win *easier* with them! But, it will be *hard* to win *against* them!

PRESIDENT HOOVER Irregular Decorative. Size 8" x 5". Height 6½ feet. Color, peach red, blending to begonia rose; very bright and luminous. Reflex, begonia rose, veined and suffused lavender. A thoroughbred—being a cross of Jersey Beauty and Papillon. The flowers have the beautiful formation and size of Papillon, with the depth, full high center and long stems of Jersey Beauty. The plant is of the Jersey Beauty type and habit of growth, but is much stronger and sturdier.

It is an extremely early bloomer, strong and vigorous. Its dark green healthy foliage is resistant to disease and insects.

See natural color reproduction on front cover page. Strong plants, guaranteed to reach you, grow and prove entirely satisfactory, \$7.50 each.

A. LINCOLN Semi-Cactus. Size 9" x 5". Height 5 feet. Color, bright spectrum red, reflex, rose red. Perfectly formed hybrid cactus, with long pointed petals. The flowers are held facing on long, slender, perfectly straight stiff stems. An early and profuse bloomer. This is the best garden and commercial red, that will replace the popular Kalif. Strong plants, \$5.00 each.

CAPE HENLOPEN LIGHT Dec. Size 6" x 4". Height 4 feet. Color, creamy yellow changing to creamy white, with a pure yellow cord around the edge of the petal, joining a yellow vein through the heart of the petal, forming a yellow tip. A strong sturdy grower, of branching habit, and an early and profuse bloomer. This was named by request in remembrance of the cherished Cape Henlopen Light that had served them and their forebears, so long and faithfully. A gem for exhibition, cutting and the garden. Strong plants, \$5.00 each.

EDYTH HOLLOWAY Dec. Size 10" x 5". Height 4 feet. Color, deep scarlet, shaded red, tipped yellow; reflex, veined lighter. A seedling of Zeus, but a much more robust grower. The flowers have heavy texture, and are held on long stiff stems. It is an early bloomer, splendid grower, and continues to produce the giant flowers until frost. One of the most valuable for the garden, as well as exhibition and cutting. Strong plants, \$5.00 each.

ELIZA LONDON SHEPARD Irregular Dec. Size 11" x 5". Height 5 feet. Color, deep orange gold. A 1929 Roll of Honor Dahlia. See natural color reproduction on last cover page, and description, 3rd cover page. Strong plants, \$10.00 each.

JERSEY BEACON BALL Ball. Size 5½" x 4½". Height 3½ feet. Color, early in the season, geranium scarlet with buff reflex, but as the season advances, softens into a scarlet orange and finally a brilliant orange. It is one of our Jersey Beacon crosses, to get just what we did—a hybrid ball with a refined Jersey Beacon color. It was one of the most popular shades as a cut flower last Fall, and one of the best sellers. It is of splendid form, the outer petals reflex to the stem, forming a ball. It has a full high center, with the unopened petals showing the buff reflex. A decidedly novel and valuable acquisition. The plant is a strong vigorous grower, of branching habit and an early, profuse and continuous bloomer on splendid stems. Exhibition, garden and cutting. Strong plants, \$2.00 each; 3 for \$5.50; \$20.00 per doz.

KATHERINE KELLY Irregular Dec. Size 10" x 4". Height 4 feet. (See illustration and description, page 4.) Strong plants, \$5.00 each.

KATHRYN CHARMAN Dec. Size 9" x 6". Height 5 feet. Another 1929 Roll of Honor Dahlia. Color combination most unusual, blending from rich bronzy red to golden bronze at the center. A cross of Amon Ra and Champagne, that has all the good qualities of both. Two vases of 8 blooms each on 4 ft. stems on the floor at the base of two columns at the Camden Show aided materially in making ours the most outstanding exhibit. The plant is a strong, vigorous, healthy grower. Strong plants, \$5.00 each.

MARIE Dec. Size 7" x 4". Height 3 feet. Color, Jersey Beauty pink, but brighter and more luminous. See natural color reproduction and description on page 9. Roots, \$5.00 each; plants, \$2.50 each.

ROBERT E. LEE Semi-Cac. Size 10" x 6". Height 5 feet. Another Roll of Honor Dahlia. See illustration and description on page 3. Strong plants, \$10.00 each.

RUTH CAVALIER Irregular Dec. Size 9" x 4". Height 3½ feet. Color, deep rose pink, tinting lighter toward the creamy pink center. A seedling of Rodman Wanamaker crossed with Millionaire. Entirely distinct. The huge blooms are held erect on long, slender, rigidly stiff foot stalks. The plant is of dwarf branching habit, and is a free bloomer. One of the best for exhibition, garden and cutting. Strong plants, \$5.00.

WHITE BREAK O'DAY Dec. Size 7" x 4". Height 5 feet. Color, pure white. As the name would imply, it is a pure white sport of Break O'Day, having all the splendid qualities of that old favorite. Strong plants, \$1.00 each.

THE MOST OUTSTANDING DISPLAY

In reviewing the Exhibition of the Camden Dahlia Society in Hotel Walt Whitman, the Morning Post said:—"The most outstanding display was that of the PEACOCK DAHLIA FARMS, which occupied the entire length of the mezzanine floor." This was most gratifying to us as it contained nothing but our own introductions. It also confirmed the opinion of the tens of thousands of customers and friends who saw our Dahlias growing at Dahlliland.

ELIZA LONDON SHEPARD THE CROWNING GLORY OF THE SHOW

One of our customers, who was trying out some of our new Dahlias wrote:—"The crowning glory of the Swarthmore Show was the Eliza London Shepard. A vase consisting of eleven of these blooms took the first prize of the Show. The Judge said that in all his experience he had never seen an exhibit that would compare with these, in any Show, whether amateur or professional; quite complimentary, isn't it? These dahlias attracted more attention than anything in the entire Show. I WAS AWARDED SEVERAL OTHER FIRSTS, among them, WALDHEIM SUNSHINE and JANE COWL; also a second and two thirds."

13 ENTRIES--10 FIRSTS, 3 SECONDS AT THE ARDMORE SHOW

Another customer wrote:—I entered in 13 classes and received 10 firsts and 3 seconds, according to the Judges. But after they left, they changed one of those 1st prizes, which put my nearest competitor one point ahead of me for the Sweepstake Cup.

(Note.—Both contestants were Peacock customers. Each has now won the Cup once. And each have two to go.)

Mr. B. G. Porter, of Essex, England, wrote:—"Your Dahlias are a great success this year, especially Waldheim Sunshine. They are a great drawing attraction, and I am expecting orders from a big range."

For a balanced Dahlia food we recommend "Loma" 5-10-4. \$6.00 per 100 lbs.

ROBERT E. LEE Semi-Cactus. Size 10" x 6". Height 5 feet. Color, bright luminous cardinal red; reflex, lighter. Not only a 1929 Roll of Honor Dahlia, but at Camden, in the open to all class, it won, as the best red or crimson, over those grand prize winners Elite Glory and Fort Monmouth. It is not only a brilliant glowing red, but it does not burn or fade. The photograph above shows the shape and how it is carried on the cane stiff stems. The flowers are carried from facing to upright. They are always full to the center. We guarantee it will come full in the South and California, late in the season when so many come open centered. It was named by an enthusiastic Southerner, as the first Dahlia he had seen that he considered was appropriate and worthy of the name. Strong plants, \$10.00 each.

OTHER 1930 INTRODUCTIONS

ALBERT H. VESTAL (Eastman) Dec. Size 10" x 4". Height 5 feet. Color, glowing old rose. A strong vigorous grower, and free bloomer. The flowers are of beautiful formation, with twisted and curled petals, and held erect on strong stiff stems. Plants, \$5.00 each.

AMERICAN TRIUMPH (American) Cac. Size 8" x 3½". Height 6 feet. Color, bright oriental red. Winner of the American Home sweepstake at New York. A strong vigorous grower and free bloomer on long stiff stems. A real acquisition to the true cactus type for exhibition, cutting and the garden. Strong plants, \$5.00 each.

DAYLO (American) Dec. Size 9" x 4½". Height 5 feet. Color, orange and cadmium, mostly orange. A cross of Roman Eagle and Sagamore, intermediate in form between its parents. A strong vigorous grower and free bloomer on strong stiff straight stems. Plants only \$5.00 each.

GOLD IMPERIAL (Lyndora) Dec. Won the Camden Dahlia Society Gold Medal as best undisseeded seedling. Vigorous grower; flowers deep with perfect centers. One of the richest gold colored Dahlias, with strong wax-like petals and just a tint of lavender on reverse. Roots, \$10.00; plants, \$5.00.

"WALDHEIM SUNSHINE". A great prize winner and in the Roll of Honor 3 years—1927-28-29.

KATHERINE KELLY Irregular Dec. Size 10" x 4". Height 4 feet. Color, rich glistening brownish red, shaded maroon. The reflex is lighter, and sets off the flower most effectively. The formation, as shown above, is entirely distinct and charming. This flower is also most unique, in that it is so different from what it appears.

Instead of being flimsy, the petals are very thick, heavy, and of such great substance that it not only keeps well, but stands up well under long shipments. Splendid and effective for exhibition, garden, and if the terminal buds are removed twice, a profuse cut flower variety.

Do not disbud this Dahlia to the crown bud only. Special instructions to grow Katherine Kelly will be sent with each order. We have had 15—8, 9 and 10 inch flowers on 2 feet stems, on a single plant. Strong plants, \$5.00 each.

KATHERINE KELLY BEST RED. Katherine Kelly was named at the request of Mr. John Kelly of Bryn Mawr, Pa. Following our policy of sending complimentary plants, we were more than pleased at the reports. Not only was this outstanding variety the most admired Dahlia in Mr. Kelly's garden, but at the Ardmore Show won First as the Best Red.

MARIE KELLY We are also glad to announce the introduction in 1931 of another New Dahlia, Marie Kelly. This is a cross of Papillon and Mrs. Geo. W. Elkins, Jr. We know our friends and customers will be pleased with this lovely Autumn shade variety. It has a most glorious color, full regular form, free bloomer and is a splendid keeper. We hope Mr. Kelly's judgment was as good in Marie as in Katherine.

Other 1930 Introductions—Continued

GOV. MORGAN F. LARSON (Lyndora) Dec. Won Governor's Cup at N. J. State Show at Trenton as most on reverse. A sturdy, medium to tall grower. Plants only, \$5.00. Worthy undissemated Dahlia. Color, clear golden yellow, with apricot suffusion

PENN CHARTER (Lyndora) Dec. Winner of the Silver Medal at Pennsylvania Horticultural Society Show as Best Established Seedling. Strong grower with heavy foliage. Deep clean flowers of great beauty. Color, rich gold blended with apricot. A deep massive flower on long stems. Roots, \$10.00; plants, \$5.00.

THOS. A. EDISON (Dahlidel) Dec. Color, royal purple. Selected and named by permission of the famous electrical wizard. A massive flower of distinct form and coloring, held erect on cane stiff stems. A strong sturdy grower of medium height. Plants only, \$10.00.

"PRESIDENT HOOVER" was the earliest bloomer and strongest grower on our Farms last year.

KING MIDAS Dec. Size 12" x 5". Height 4 feet. Color, pure golden yellow. Form perfect, stems, long stiff and straight, holding up the giant flowers. First prize winner everywhere last year. Rated as one of the six greatest of all exhibition Dahlias, and the greatest of all golden yellows.

The plant is a strong sturdy grower, absolutely healthy, and an early free and continuous bloomer. The flowers are so full that they last on the plant for weeks. Just pull out the back petals from time to time and that wonderful center does the rest. Any of the branches will give 12 inch flowers if fed. For cutting, top out twice, otherwise, the flowers are too large. The illustration shown above is reproduced from a photograph taken October 19th. Note the full high center, at a time when most of the big fellows had open centers. Derrill W. Hart says.—"King Midas (Peacock) Decorative. Last year we prophesied success for this good yellow. It has gone far beyond our prophecy, and in our estimation it is one of the six greatest exhibition Dahlias of Eastern origin. King Midas is a one tone golden yellow flower of great depth, and produces six and seven perfect blooms at one time." Stock limited, roots while they last, \$10.00 each; plants, \$5.00.

"KING MIDAS" has never been beaten in open competition. Acclaimed the greatest golden yellow!

SANTA FE Hybrid Cactus (1929). Size 10" x 4". A gigantic flower that is easily the largest, handsomest and most outstanding yellow Hybrid Cactus. This was raised for, and named by the most enthusiastic amateur Dahlia grower in Santa Fe. Yellow is the City color, and of course the Cactus, the universal flower. The flower is of enormous size, and as shown above, even in mid-October, has great depth of flower and a full high center. It has similar foliage and habit of growth as its parent, Rodman Wanamaker, and should be grown the same as described on second cover page. In formation, it is somewhat like Mariposa, but is larger, deeper and more massive in every way. The color is a clear, soft light yellow. Roots, \$7.50; plants, \$3.75.

NEW, RARE AND STANDARD CACTUS VARIETIES

This collection embraces the World's Best Cactus Dahlias. Not only the largest size, but all types, sizes and good growers and bloomers. Our stock is not only true to name, but true to type.

ALICE WHITTIER. H. C. Size 10" x 5". Ht. 6 ft. Root Primrose yellow; fine form on long graceful stems. Plants, \$1.00	ATTRACTION. H. C. Size 7" x 3". Ht. 5 ft. Elegant flower of a clear lilac rose, borne on long stiff stems and a Dahlia of exceptional merit	Root \$0.50
AMBER GLOW. Cac. Size 8" x 4". Ht. 5 ft. Yellow shaded amber, with long narrow quilled petals	AUDREY DAVENPORT. H. C. Size 8" x 3". Ht. 5 ft. A clear milk white that will eventually find its way into every collection. The flowers are splendidly formed and held facing on stiff, slender, erect stems. An early and continuous bloomer	.75 .75
AQUITANIA. H. C. Size 7" x 3". Ht. 6 ft. Splendid form and a free bloomer for so large a variety. Color, soft pink		.50

Address Dahlland, N. J., is exclusive. Only Dahlland P. O. in the world; means perfect service.

PINWHEEL Dec. (1929). Size 6" x 4". The photograph above explains the name. The form is most distinct as well as the coloring. It is a cross between Peacock and Rodman Wanamaker. The coloring as well as the foliage show the Peacock type, but the habit of growth is distinctly Wanamaker, as well as the stem and general formation. The plant is a strong vigorous grower, and an early and profuse bloomer. It is also a continuous and free bloomer on long, stiff, slender stems.

The color is crimson purple, each petal tipped white. The form is also distinct and novel, which suggested the name. The flowers are held facing to upright, and are 6 to 8 inches in diameter, and very deep.

This light, airy fantastic ball-shaped decorative makes a most striking plant for the garden, as well as a most effective flower for the exhibition table. For the garden, grow as described for Rodman Wanamaker on second cover page, to get nice bushy plants, with an abundance of beautiful flowers on long stems. Coloring and grace of this variety is its greatest charm. Roots, \$5.00 each; plants, \$2.50.

MARIE Dec. 1930. Size 7" x 3". Height 3½ feet. Color, same as Jersey Beauty, but deeper and brighter. It has a freshness and brilliancy lacking in Jersey Beauty. It is an early and free bloomer, and full to the center to the last. The illustration shown above was taken by Mr. Duff Law by his special natural color photography, October 27th, 1928. The flowers are larger than Jersey Beauty, and it is a much more profuse bloomer. Also, as shown above, they are perfectly full in the center, until killed down by the frost.

The plants are sturdy, of branching habit, and ideal for the garden. On account of the wonderful color, stiff stems and keeping qualities, it is especially valuable for exhibition and cutting. Roots, \$5.00 each; plants, \$2.50.

SPECIAL OFFER No. 1. One strong plant each of President Hoover, Marie and Eliza London Shepard, as shown in natural colors on front and last cover pages and page 9, now offered for first time, for \$18.00.

SPECIAL OFFER No. 2. One strong plant of Rodman Wanamaker, Waldheim Sunshine, Ty Cobb, N. J. S. C. C. and Mae Grefe, as shown in natural colors on 2nd and 3rd cover pages and pages 10, 27 and 28, for \$9.00.

SPECIAL OFFER No. 3. One strong plant of all offered in No. 1 and No. 2, 8 in all, for \$26.00.

SPECIAL OFFER No. 4. One strong root of Rodman Wanamaker, Marie, N. J. S. C. C., Mae Grefe and Waldheim Sunshine, as shown in natural colors on 2nd and 3rd cover pages and pages 9, 27 and 28, 5 roots in all, for \$18.00.

TY COBB

TY COBB Hybrid Decorative. The name tells the story. This dahlia was selected by Ty Cobb because he liked it. Every one of our visitors, the past season, stopped to admire Ty Cobb. Sometimes it was the wonderful plant, or the beautiful form, or the large size, but always it was "what a wonderful color, and such a good bloomer." And that is just it. It has "it" in its every characteristic. The plant is a strong vigorous grower, with dark green glossy leaves; an early, free and continuous bloomer. The flowers are large, 8 to 10 inches in diameter and 5 to 6 inches deep. The form, as shown, is the graceful hybrid type, between the hybrid cactus and decorative, with back petals reflexing to the stem. Height, 3½ feet.

But, it is the color that is its chief charm. Brilliant glowing garnet, shading deeper, with a most lustrous sheen. The reflex is a luminous crimson purple.

Last year we stated, "as our stock is limited we are offering it in plants only, and the 1930 price will be the same for roots." At that time we had no idea there would be such a tremendous demand as to absorb our entire production until July.

This means a limited stock again this year, and our advance list gave the price \$5.00 for plants, the same as last year. However, customers called attention to the statement in our 1929 catalogue that the root price would be \$5.00 in 1930. The point is correct. We cannot do the impossible. We do not have roots to offer. But, we will make the corresponding price of \$2.50 for plants, and on all orders placed at \$5.00 we will refund the \$2.50. We always keep faith with our customers, and cheerfully correct any oversight or error.

Strong plants, that will bloom and make roots, ready April 15th until June 15th, \$2.50 each.

NORTH'S YELLOW Dec. (1929). Size 10" x 4". Height 6 feet. The above illustration was reproduced from a photograph taken on October 19th. The plant had been in full bloom since July, and we had been shipping cut blooms since August 10th. A record equalled by no other yellow Dahlia. North's Yellow is a clear, light soft yellow that is not only an early continuous, and free bloomer, but is very large when grown on single stems for exhibition. The form is perfect and the flowers are produced facing on long stiff stems. It is not only better color and larger than Lemonade, but an early and free bloomer. It is easily the best all around commercial cut flower yellow, as well as a magnificent garden plant and exhibition variety. Strong plants, \$2.50; roots, \$5.00.

| <p>MRS. LEO NIESSEN. Cac. Size 6" x 3". Ht. 4½ ft. Root
Without question the very best cactus dahlia of its type and color. It is not only very bright and effective in early and midseason, being produced profusely on stiff stems, but late in the season, when so many varieties come open centered, it is always full and perfect. The flowers are splendid form and texture, hence splendid keepers, both on the plant and when cut. Color, a beautiful shade of scarlet red, blending to peach red at center of flower, with bright yellow at base of petal and at tips; a reflex sulphur yellow veined and suffused pale peach red. A splendid bright rich Autumn combination, at once most pleasing and effective \$0.50</p> | <p>MRS. RICHARD LOHRMAN. H. C. Size 6" x 3". Root

MARY DORR Cactus. Size 7" x 3½". One of the most beautiful of all cactus dahlias and the best of the deep pink and white type. A great improvement over Margaret Bouchon inasmuch as it is not only larger and better formed, brighter colored flowers, but a much better grower and more profuse bloomer with better stems. The color is bright tyrian pink, blending to white at center of flowers and tips of petals; reflex amaranth pink. The form is perfect, with long, twisted somewhat incurved petals. The flowers are produced freely on long slender, but stiff stems. The plant is a strong, vigorous grower. As a commercial cut flower, it was the best of this type during the past four years. A splendid garden and exhibition variety. 4 ft. Roots, \$0.75; 3 for \$2.00; 6 for \$3.50; 12 for \$6.50.

ROBERT H. GROFF Size 9" x 5". One of the most sensational seedlings we have ever raised. It is a seedling of "Attraction," but decorative in form. A very sturdy grower and produces the giant flowers on long graceful, rigid stems. Full regular decorative form and as it is much larger than Attraction it is more popular for exhibition and cutting than that variety. The illustration above shows its resemblance to Attraction in the back petals. It also shows the full high center. The flower is very deep through. The color is softer and lighter than Attraction. The plant is a strong, vigorous grower and free bloomer. The flowers are always full to the center. Roots, \$2.50; plants, \$1.25.

BALL DAHLIAS

This is the oldest of all the made types of Dahlias, and the type that was at its best in the '40's. It is now coming back into popularity, especially for "Ye Olde Garden." With this new interest, we are increasing our list with the newer colossal or "Hybrid Ball" type.

NEW BALL DAHLIAS

The following are distinct, and improvements on existing varieties.

DOUGLAS DAVIES. Size 5" x 4". Ht. 5½ ft. The form of the flowers is very distinctive, while the coloring is rich and effective, rich carmine shaded garnet. The round ball-formed blooms are carried well above the foliage on long stiff stems. Plants, 75c.. \$1.00

FRANCINA RIGINA. Size 6" x 4". Ht. 4½ ft. This is a large hybrid ball, of massive build, with very full center. Splendid form and distinct coloring. Mallow purple, overlaid and suffused rhodamine purple. Plants, \$1.00..... 2.00

REV. EDWIN F. BROOME. Size 5½" x 4". Ht. 3½ ft. Color flesh-pink penciled crimson. Some flowers are solid pink, others solid crimson. An early and profuse and continuous bloomer. Plants, \$1.00.

VELVET BALL. Size 5" x 4". Ht. 6 ft. This is a beauty, as shown in the illustration. It is a seedling of Jersey Beauty, and has the same habit of growth, but a much freer bloomer. The dark, perfectly formed flowers are held erect on long stiff stems. Plants, \$1.00 (Illustration on page 22)..... 2.00

VONDEL. Size 6" x 4". Ht. 4 ft. Color brilliant luminous crimson, lightly veined and tipped white. (See illustration). A strong vigorous grower of sturdy branching habit and a free, continuous bloomer. Plants, \$2.00.

POMPONS OR LILLIPUTIAN DAHLIAS

This class is a miniature form of the show or ball Dahlias, having the same round, ball-like form, but much smaller in size. The plants are also smaller, of branching habit, producing the flowers in endless profusion. As they can be cut in sprays they are valuable for bouquets and for small grounds. Some varieties have miniature roots also. We make a specialty of Pompons.

PAEONY FLOWERED DAHLIAS

This is one of the newer types also called the Art or Artistic Dahlias. The true type resembles the Japanese Paeony; yet several of the most valuable varieties differ from the true type.

ANN DUSKIN. Size 5" x 3". Ht. 3½ ft. An entirely distinct variety with very dark rich foliage. The flowers are of good size, richest maroon, shading to jet black at center as the flower is opening. The fully open flower has a dark instead of yellow center, like Ami Barillet. . . \$0.35	PINK PERFECTION. Size 6" x 3". Ht. 4 ft. Luminous silvery pink, of splendid form on long stiff stems. The first flowers come fully double. \$0.35
CANADA. Size 7" x 3". Ht. 4 ft. One of, if not the largest, of all white Paeony Dahlias. The flowers are held erect on long stiff stems. An early, free and continuous bloomer. The plant is strong, vigorous and healthy, exceptionally fine for cutting, exhibition or garden.35	POLAR STAR. Size 6" x 4". Ht. 5 ft. Pure white, of fine form on long stems. An early and profuse bloomer. .35
DIEMONT VON BYSTEIN. Size 6" x 3". Ht. 4 ft. White suffused and shaded blue lilac. Very fine form and a free bloomer.35	PRISCILLA AGNEW. Size 5" x 2". Ht. 4½ ft. The most beautiful and valuable of all white paeony flowered dahlias. The color is so clear and pure, without spot or blemish and the yellow center so clear that the color contrast is chaste and effective. The flowers are snow white, beautifully formed and held facing on long straight slender, but stiff stems.35
DR. JOHN LANE. Size 7" x 4". Ht. 5 ft. A most pleasing Paeony of the Geisha type, but larger and softer in coloring, while the plant is much stronger and more vigorous. Color yellow, suffused golden orange at base of petals, shading to rich bronzy scarlet toward the center and tinting lighter at the tip.50	QUEEN ELIZABETH. Size 7" x 3". Ht. 4½ ft. The color is a beautiful rosy mauve. The flowers are facing, on very long stems, slender, yet stiff, holding the flowers erect. The plant is a very clean, strong grower and free bloomer; every shoot produces a flower.35
DR. STEM. Size 7" x 3". Ht. 4½ ft. The best of all red paeony flowered dahlias. Entirely distinct in every way. The color is a bright scarlet red, reflex eugenia red. Long stiff stems.75	ROSALIA STYLES. Size 8" x 3". Ht. 5½ ft. Bright tyrian pink, tipped lighter, reflex pink. The largest and best pink in this class. A strong vigorous grower; early, free and continuous bloomer.50
DRUM MAJOR. Size 8" x 2½". Ht. 4 ft. Fiery red tipped yellow; effective.1.00	SWEETHEART'S BOUQUET. Size 6" x 3". Ht. 5 ft. A very profuse bloomer, with good stems. Clear salmon rose.35
FACKEL. Size 4" x 2". Ht. 3½ ft. A lovely color combination; rich golden scarlet, tipped golden yellow. An early and profuse bloomer.35	THE SCREAMER. Size 7" x 3". Ht. 4 ft. Purple flowers on long stems. First flowers are full to the center. .50
GEISHA. Size 7" x 3". Ht. 5½ ft. The most striking color combination, golden yellow, changing to bright scarlet at the center of petal and back to gold at the tip. Giant flowers on long wiry stems.75	
GORGEOUS. Size 7" x 3". Ht. 5½ ft. Yellow, shading to light scarlet. Large well-formed flowers on straight stiff stems.75	
HALLOW'EN. Size 6" x 3". Ht. 5 ft. Soft golden salmon; flowers on long stiff stems.35	
J. MONTAGUE EVANS. Size 8" x 4". Ht. 6 ft. This is a giant in every way. The flowers are very deep, and produced on long cane stiff stems. Color, glistening golden bronze, shading to soft bronzy red.50	
KATHERINE JOURNEY. Size 6" x 3". Ht. 4 ft. An early and extremely profuse bloomer. The first flowers are fully double. Color is yellow at base of petal, shading to rich bronzy red, and tipped yellow. The Geisha type, but richer and darker, with straight rigid stems.50	
LATONIA. Size 6" x 2½". Ht. 3½ ft. Light yellow, suffused orange buff.25	
PEG O'ME HEART. Size 6" x 3". Ht. 6 ft. Color rich cerise; a strong vigorous bloomer on long stems.75	

DUPLEX DAHLIAS

These are the true double with 2 rows of petals and are generally classed with the Paeony class.

AUTUMN GLOW. Size 5" x 3". Ht. 5 ft. A wonderful garden variety; a strong vigorous grower and an early profuse bloomer. Color, yellow tipped scarlet; very bright and effective. \$0.35
CAMILLE FRACHON. Size 8" x 2". Ht. 5 ft. Color, an intense aniline-red deepening to a rich garnet; very effective.50
MME. J. COISSARD. Size 7" x 2". Ht. 3½ ft. Flowers large and distinctly striking; inner half of petal white, outer half vivid carmine. An outstanding beauty.50
VARIEGATED LISZT. Size 5" x 2". Ht. 5 ft. Buff yellow, tipped red; an early and free bloomer on long stiff stems.25
WM. AUSTIN. Size 6" x 2". Ht. 6 ft. A strong vigorous plant that comes into bloom early and continues until frost. Flowers finely formed; color white, suffused cerise, tipped carmine; very long stiff stems.25

12 NEW POMPON DAHLIAS FOR 1930

There are many different qualities entering into what is really a distinctly new Dahlia. Color, form, vigor, freedom of bloom, keeping qualities, hardiness of plant, etc., all enter into the equation. A glance at the illustration above, with fact that they were photographed on October 19th and are absolutely actual size, is assurance of their superior merits.

ARTIE. Picric yellow. A splendidly formed flower, and held erect on good stiff stems. Plant is strong vigorous grower, and profuse bloomer.....	Root \$0.75	MULTIFLORA. Clear light yellow, and one of the best. Strong grower, and profuse bloomer.....	Root \$0.75
BABY ELK. Lemon yellow at base of petals, shading to bright Tyrian rose at tips; profuse.....	.75	PAUL HOROMPO. Another tipped variety that is a great improvement over existing varieties. Spectrum red, tipped white.....	1.00
DOT. Light yellow, lightly suffused light begonia rose. Very dainty and pleasing.....	.75	ROSY SPRINGFIELD. This is a seedling of Belle of Springfield, and an exact counterpart except in color, which is Tyrian rose.....	1.00
ELSIE. This is indeed a dainty gem. Bright carmine. Small, beautiful form, and profuse.....	1.00	SONNY. Soft lemon yellow, tips of petals, Tyrian rose. Very pleasing.....	.75
LITTLE PAUL. Deep rose red, tipped white; an acquisition to the tipped type.....	1.00	SPRIG. Splendidly formed exhibition variety. Bronzy yellow, outer half of petals lightly suffused and tipped reddish buff.....	.75
BUDDY. Quite distinct. Rose red, with quilled petals, somewhat incurved.....	.75	TEDDY. Deep rose red; quilled petals. A strong grower and profuse bloomer.....	.75
SPECIAL OFFER No. 7. One strong root of each of the above 12 new Pompon Dahlias, by mail postpaid, for \$8.00.			

Our cultural directions (4 page folder) is sent with each order. Copies will be mailed to any one on request.

Three New Margined Dahlias

Once more we are enthusiastic. Each of these three varieties are different in form; also while each is margined, each margin is a different color. Again, there is a still greater difference insofar as the bottom flower, not only so splendidly formed and marked is the first real Fragrant Dahlia.

FRAGRANCE. Size 3". Ht. 2½ ft. Each petal is snow white, with a broad margin of bright scarlet red. The form is absolutely perfect. The plant has beautiful serrated or fern-like foliage, and the flowers are borne erect on stiff, slender stems. Fragrance is a dainty little plant, and will quickly find its way into every garden, and used wherever real beauty and charm are appreciated. Roots, \$1.00.

ARDENA. Size 4". Ht. 5 ft. White edged bright amaranth purple, with broad white tips. This is also a true single, but more informally built. A larger flower and plant than Fragrance. Roots, \$1.00.

PRUDENCE. Size 3½". Ht. 4 ft. No reason at all, excepting Prudence had a bright, piquant, expectant face, and so admired it. Color, white suffused tyrian rose, tipped pinkish white; outer edges of petals margined deep tyrian rose. Roots, \$1.00.

SPECIAL OFFER No. 9. One strong root each of Fragrance, Ardena and Prudence, 3 in all, by mail postpaid, for \$2.50.

SIX UNUSUAL SINGLE DAHLIAS

ANNETTE. Size 4". Ht. 3 ft. Root
Most distinct. Bronzy yellow at base, balance of petal amaranth pink, with veins of cream. \$0.50

BLACK CENTURY. Size 6". Ht. 5 ft. This is the largest, darkest, richest of all the big century Dahlias. Dark maroon, shaded black. The flowers when first opening are jet black, with a most lustrous sheen. The flowers are beautifully formed with long petals. They should be cut as soon as they open, before the centers have developed pollen. They will then keep as long as double Dahlias. Singles should be disbudded the same as doubles, except leave the terminal and next two buds. Cut as soon as first bud opens. The others will open up, and the bouquet will keep for a week. 1.00

FAIR LADY. Size 6". Ht. 5 ft. This is one of the Newport Wonder type, but considered much better. Petals are long and beautifully distinct. Color a most pleasing combination of amber yellow and spectrum red. 1.00

MARGIE. Size 4". Ht. 3½ ft. This is a very striking variety. Color, bright garnet, shaded maroon, with a brilliant halo, or zone of white around the yellow center. 1.00

PANSY. Size 4½". Ht. 4 ft. Richest glowing maroon, shaded black and tinting bright glowing crimson at tips of petals. Base of petals bright yellow, producing the bright yellow zone around the yellow disc. Very striking and effective. \$1.00

Types of New Century Dahlias showing their decorative possibilities

ST. GEORGE IMPROVED. Size 4". Ht. 3 ft. This is a little larger than the old St. George. Perfect form, clear canary yellow. \$1.00

BEST SINGLE DAHLIAS

The ordinary single Dahlias have been superseded by the Century Dahlias, but a few of the most beautiful or distinctive are appreciated, especially where color effects, smaller flowers or dwarf plants are needed.

AMI BARILLET. Size 3". Ht. 3 ft. The purple foliage Dahlia. Entirely distinct. Flowers pure garnet, rich and glowing with a dark center, until the pollen appears. A free bloomer and strikingly effective for all purposes. \$0.35

APPLE BLOSSOMS. Size 3". Ht. 4 ft. Soft pink, heavily tipped carmine pink edged crimson, changing to softer tints as the season advances.25

FLORABUNDA. Size 3½". Ht. 4 ft. Soft mauve, shaded darker at base of petals; very profuse bloomer.25

HAZEL HEITER. Sizes 4". Ht. 5 ft. A highly colored single, a fine combination of pink, crimson and maroon.25

PRAXITELES. Size 3½". Ht. 4 ft. The color is a deep velvety violet maroon, each petal tipped white. The plants are dwarf. \$0.25

RANTENDELIN. Size 3½". Ht. 3 ft. Another fancy single. Color pure white, each petal has a narrow margin of deep crimson on each side, sometimes solid red.25

SARAH HOLSER. Size 4". Ht. 5 ft. A perfect dream of delicate loveliness. The color is white suffused clear delicate pink. The form is perfect and almost as large as a century. The plant is an exceedingly vigorous grower, producing the profusion of blooms on long stiff, but slender stems.35

COLLECTION. One root each of above single Dahlias (7 roots) for \$1.50.

SUPERB CENTURY DAHLIAS

Are the last word in this popular type and we take great pleasure in introducing such a grand set, in such a wide range of colors, types and characteristics as embraced in the following collection. See illustration.

CARDINAL. Size 5". Ht. 5 ft. Richest cardinal red; perfect regular form, good size on long stems. \$0.35

CREAM CENTURY. Size 4½". Ht. 5 ft. A delicate creamy white. Early and profuse bloomer. \$0.25

The illustrations showing the proper way to disbud, as described makes success assured.

New Jersey State Chamber of Commerce. Type of Bashful Giant

N. J. S. C. C. Decorative. This is New Jersey State Chamber of Commerce, and in a Dahlia way about as big as the name. It is a monster, of the Bashful Giant type. It was exhibited at the Annual Meeting at Newark on October 17th, by request, and named by President Hamilton. It is big in every way. You see what a beautiful full high center it has, and the depth of the flower by the tier after tier of back petals. Then the color is most charming, that exquisite shade called Orchid. The flowers have great substance, and keep well. The plant is a sturdy grower, of the Bashful Giant type, and a free bloomer for so large a flower. It is a sturdy, rather than a rampant grower, which accounts for its fine keeping qualities. Roots, \$5.00 each; strong plants, \$2.50.

SPECIAL OFFER No. 5. One strong plant each of N. J. S. C. C. and Ty Cobb, for \$4.50, by mail postpaid.

This is a most uniquely contrasting collection. N. J. S. C. C. is the most delicate orchid color, on a massive heavy flower, while Ty Cobb, the most colorful figure in baseball, is the most exquisitely formed, yet the most richly colorful of all Dahlias. The reproduction on page 10 gives you only an idea; you must see the plant blooming in its rich glowing colors, and you will understand its appeal to Ty Cobb.

MAE GREFE H. C. As shown in color above, one of the loveliest of all hybrid cactus dahlias. In color and form, it is all that can be desired. It is a dependable bloomer, especially in summer, when so many varieties fail. The plant is a tall, sturdy, vigorous grower, and by disbudding, you get the giant flowers on 3 to 4 feet stems. A splendid exhibition and cut flower variety. Roots, \$1.00 each; 3 for \$2.75; 6 for \$5.00.

SPECIAL OFFER No. 1. One strong plant each of President Hoover, Marie and Eliza London Shepard, as shown in natural colors on front and last cover pages and page 9, now offered for the first time, for \$18.00.

SPECIAL OFFER No. 2. One strong plant of Rodman Wanamaker, Waldheim Sunshine, Ty Cobb, N. J. S. C. C. and Mae Grefe, as shown in natural colors on 2nd and 3rd cover pages and pages 10, 27 and 28, for \$9.00.

SPECIAL OFFER No. 3. One strong plant of all offered in No. 1 and No. 2, 8 in all, for \$26.00.

SPECIAL OFFER No. 4. One strong root of Rodman Wanamaker, Marie, N. J. S. C. C., Mae Grefe and Waldheim Sunshine, as shown in natural colors on 2nd and 3rd cover pages and pages 9, 27 and 28, 5 roots in all, for \$18.00.

SPECIAL OFFER No. 5. One strong plant each of Ty Cobb and N. J. S. C. C., shown in natural colors on pages 10 and 27, for \$4.50.

ANEMONE DAHLIAS

In looking for something different, you will find the Anemone Dahlia just as distinct and pleasing as the Anemone Chrysanthemum. They lend themselves to small table bouquets, small baskets and other artistic decorative effect. In the garden, they are equally distinct and attractive, being an endless source of pleasure and satisfaction. We offer the four varieties:

ADA FINCH. Size 3½". Ht. 3 ft. The center is of a beautifully incurved quilled chrysanthemum form, and soft yellow color, enhanced by a row of creamy white outer petals. The plant is medium height, branching, and a profuse bloomer, with long stems.....	Root \$0.75	CLEMATIS. Size 3½". Ht. 3 ft. So named for its resemblance to the clematis flower. Outer petals, deep rhodamine purple, reflex mallow purple. Cushion, rhodamine, tipped yellow.....	Root \$0.75
CATLEYA. Size 3½". Ht. 3 ft. This variety gets its name from the color resemblance to the catleya, one of the favorite orchids, whence came the color, orchid. The cushion or center is wax yellow suffused orchid; outer petals, orchid color tinting lighter toward tips. Profuse bloomer.....	.75	GELRIA. Size 3½". Ht. 3 ft. Cushion, lemon shading to chrome, splashed old rose. Petals, lemon chrome at base, shading to amaranth pink at center, and mallow purple at tips.....	.50
		COLLECTION. One root each of the 4 Anemone Dahlias for \$2.25.	

"FRAGRANCE," illustrated and described on page 12, is not only fragrant, but exquisitely beautiful.

FREE!—Your Own Selection of Varieties—FREE!

In the past, we have added extra roots of our own selection, which in many cases were duplicates of what the customers already had. Also, many wrote asking for changes in collections as they had some of the varieties. So to avoid above and to allow every one to make his own selection, we have listed below a very comprehensive collection of the very best, of their types and classes, that we grow in large quantities.

On any and all orders selected at the regular price, you may select from the following list to the amount of ¼ extra. For example on an order for \$4.00, you may select to amount of \$1.00 from list below. On an order for \$12.00, you may select from this list to amount of \$3.00 extra.

NOTE.—This does not apply to any Special Offer, Collection or special quotation; but to any and all varieties at the regular catalogue price. The extra varieties must be selected from the following list.

SPECIAL.—To any one wishing to order the above collection complete, we will send one strong root of each of the 36 varieties, labeled, for \$22.00.

Every root goes out with our iron clad guarantee of entire satisfaction. It is not so much this guarantee that has made us the largest growers of dahlias in the world as the superiority of our stock, which makes such a guarantee possible, and our quick and cheerful adjustment of anything that is not satisfactory.

We also wish to acknowledge and thank our thousands of customers for their letters of thanks and appreciation. We appreciate your letters of praise for our dahlias, for your success is our success. We also appreciate your writing us of any failure, as in this way we learn many things about different varieties, in different locations, under different soil and climatic conditions.

WALDHEIM SUNSHINE

Dec. See natural color reproduction on opposite page, which shows the 15 inch flower as it grows on the crown bud of a plant. The only flower to the plant. And then see the illustration of ten inch flower above. The terminal of a branch. In one case you see the flower grown to produce the largest possible size. Note the heavy leaves and stalk. Above you see the flower grown properly. Note the small leaves, straight rugged stem on which the exquisite flower is carried so regally. It is small wonder that one of our customers won the *Silver Cup for best vase of 25 blooms of New Jersey introduction*, one or more varieties, at the Annual exhibition of the New Jersey Dahlia Society at Newark, N. J.

Waldheim Sunshine was an outstanding variety in the 1927 Roll of Honor, in the list that made good in 1928 and the 1929 standard varieties that hold their own. It is a splendid root maker, and we can guarantee our plants will not only make roots, but will keep over winter, if handled according to directions sent out with all orders.

The color is a deep golden yellow, shading to chrome yellow at the center, while the reflex is lightly suffused scarlet. The form is everything that can be desired and has great depth, with a full high center. The past season it was still full to the center when killed down by frost in late October. Very strong selected roots, each \$7.50; plants, \$3.75.

The cut flower sensation of 1929—"JERSEY BEACON BALL." See description, page 2.

ELIZA LONDON SHEPARD Dec. 1930. Size 11" x 5". Height 5 feet. Color, a clear rich orange-gold; reflex, a deeper shade of the same color. It has been designated "THE DAHLIA BEAUTIFUL." It is the ideal decorative form, and is carried facing to upright on long, straight, rigidly stiff stems. The flowers are always perfect. It will give a single bloom to the plant with a perfect exhibition center, or twenty-five perfectly formed commercial blooms. The blooms keep a long time on the plant, and when cut.

The plant is a strong, vigorous, luxuriant grower, that will grow anywhere, and will be especially valuable in the South and on the Pacific coast, because of its fullness of center late in the season when so many good varieties come with open centers.

It was selected and named for Mrs. Shepard, who while President of the Women's Auxiliary Legion, and in attendance at the Legion Convention in Philadelphia in 1926, was so enthusiastic over our Dahlias.

It is truly the most glorious golden variety, and worthy to bear the name of so notable a citizen of the "Golden State".

Strong plants, guaranteed to reach any destination, grow, and prove entirely satisfactory, \$10.00 each.
